ZENESIS™

QUARTZITE

The new ZENESIS™ QUARTZITE turbo blade is the first small diameter blade we engineered specifically for the hardest quartzites. Where other turbo blades bounce, chip, or stop cutting after a few inches, this blade cuts easily through this material. Unique turbo rim design with added drop segments makes this blade immediately stand out from the competition. And if you think it does well in quartzite, you'll be amazed at how it works in any other natural stone.

- Available with quad adaptor holes in sizes 5" to 7"
- Cuts Quartzite, All Natural Stone, Granite, Engineered Stone
